

LED ceiling-recessed luminaire

Modular LED ceiling-recessed luminaire with lens optic. Luminaire input power: 17.3 W, Slave luminaire for DALI control (DALI only) with LED converter; LED service life lasts 100000 h before luminous flux is reduced to 95% of the initial value. Chromaticity tolerance (initial MacAdam): 2. Luminaire luminous flux: 2830 lm, Luminaire efficacy: 164 lm/W. Colour rendering $R_a > 80$, colour temperature 4000 K. Symmetric very wide distribution luminaire (wide beam). Light control via square lens optic for glare-free light distribution with $UGR < 19$ and $L65 < 3000 \text{ cd/m}^2$ as per EN 12464; low dirt sensitivity and simple cleaning; flat sheet steel luminaire housing with enamelled finish in white; Installation as height-adjustable luminaire for cut ceiling apertures and modular ceilings with concealed or visible grid system

This product contains a light source of energy efficiency class C.

All values marked with an * are rated values. Connected electrical load and luminous flux are subject to an initial tolerance of +/- 10%, the most similar colour temperature is subject to an initial tolerance of +/- 150K. Unless stated otherwise, the values apply to an ambient temperature of 25°C. The level of luminous flux reduces over the life cycle due to technological reasons. The failure of up to 1 LED points causes no functional impairment and is therefore no reason for complaint.
